

Course Title: Grade 2 Science

Board Approval Date: June, 2010

Course Description:

The Pennsylvania State Standards for Science in Second Grade are taught through the use of many hands-on experiences. In Second Grade, we educate the students on a variety of topics, which include sound, solar system, animal habitats, natural resources, dinosaurs, fossils, energy, light/shadow, and wetlands.

Learning Activities / Methods of Assessment:

- ❖ Whole group instruction
- ❖ Small group instruction
- ❖ Cooperative learning
- ❖ Worksheets
- ❖ Computer programs and sites
- ❖ Teacher observation
- ❖ Experiments
- ❖ Projects

Instructional Resources:

Age-appropriate Internet resources
Select titles from LASD Approved Book List

Course Pacing Guide
