

# Everyone belongs at the Y

**Everyone deserves the opportunity to experience the joy of personal achievement and connection you find at the Y.**

That's why we're committed to ensuring that, based on the availability of funds, **no one who qualifies for Financial Assistance is turned away due to the inability to pay.** Our Financial Assistance Program removes the financial barriers to membership and program participation for anyone who qualifies – regardless of age, stage or circumstance of life, or background. For more information or to apply, visit [www.gsvymca.org/financial-assistance](http://www.gsvymca.org/financial-assistance).

Through the Y's Financial Assistance Program, we make accessible the support and opportunities that **empower people to learn, grow, and thrive.** Being plugged in at the GSV YMCA can provide emotional, physical, and mental support at a time when you need it most.

Whether you, a family member, or the whole family need help, **the GSV YMCA is here for you.**
