

Lewisburg Area SD District Level Plan

Mission

The Lewisburg Area School District will provide all students with a safe, respectful, and challenging learning environment that is student-centered, personalized, data-guided, and supported through appropriate technologies and shared leadership.

Vision

The Lewisburg Area School District is a learning community that prepares every child individually to meet the challenges of today and tomorrow.

Shared Values

Our shared values are encompassed in the following statements:

1. All children can learn when their individual needs are met.
2. A supportive school atmosphere where everyone feels emotionally, physically, and intellectually safe is essential.
3. Holding high expectations for student achievement and character will guide students to make responsible choices in the learning process and for their lives.
4. Creativity, imagination, critical thinking, collaboration, and problem solving are integral to our students' learning experiences.
5. Everyone should be treated with courtesy and develop respect and empathy for a variety of opinions, values, and cultures.
6. The responsibility for student achievement is incumbent upon a partnership between the school, student, family, and greater community.
7. Educational planning must anticipate, prepare for, and manage change.
8. The school board and all staff members are accountable for student success.
9. High quality teachers are essential to the academic success of each student.
10. Quality professional development for all district staff is essential to student success.
11. Accomplishing district goals requires high quality leadership at all levels.
12. The District, in partnership with the greater community, is committed to providing a high quality education that enables students to be productive members of their communities.

Lewisburg Area SD District Level Plan

The Lewisburg Area SD is committed to using these goals as the blueprint for guiding the school district through the years.

Goal 1: Design and implement customized systemic programs and personalized teaching and learning strategies to meet the needs of our English Language Learners, special education students, and economically disadvantaged students in order to increase individual student achievement.

Strategies

Student data review - diagnostic, benchmark, formative, summative

Focused professional development

Increase communication to strengthen parent involvement and support

Research and examination of resources, programs, strategies

Increase student support through personalized rapport and positive relationships

Goal 2: Design and implement a focused approach to effective social and emotional learning and professional understanding of behavioral health that complements academic learning and supports all students in their development across K-12

Strategies

Increase student support through personalized rapport and positive relationships

Research and examination of resources, programs, strategies

Effective outreach to parents/guardians and our community

Needs Assessment - District and Building Level

Focused professional development

Goal 3: Design and implement a comprehensive developmentally appropriate K-12 program of study to guide students in their personal understanding and planning for post-secondary career, education, and employment opportunities.

Strategies

Increase student support through personalized rapport and positive relationships

Focused professional development

Review, refine, and implement District 339 Plan

Expand outreach and communication with parents/guardians and the greater Lewisburg community
